

St Serf's Players - 70th Anniversary

It is almost 70 years to the day when a group of like minded people started St Serf's Players. Over the years, the club has provided the opportunity to learn a new skill in a friendly environment and provide entertainment for the community. There is so much more to the club than just acting - directing, backstage - set design, build, paint, costume making, properties - publicity, Front of House and of course financial. The digital age is here but as usual St Serf's Players has not only kept up with a website, facebook and twitter but also with controlling the technical side of our shows - lighting and sound. The club has worked with many other groups over the years and are particularly pleased to be working with the Trinity Theatre Company again this year.

Thank you for supporting us!
